Subject library	10
Virtual experiment	8
All	111

	Name	Subject	Description	Age
1	3D graph	General	A categorised collection of 3D models with a spectacular search interface	...
2	3D menu	General	A categorised collection of 3D models with a spectacular search interface	...
3	3D photos	General	Collection of 3D images to watch with cyan-red 3D glasses	...
4	3D puzzle	General	This exciting and colourful game is designed to develop spatial perception	...
5	3D rotating game	General	Assemble fragments of broken three-dimensional shapes by rotating the models	...
6	ABC table	Language	Make words and sentences from jumbled letter cards	...
7	Aerial photos	Arts, Nature, Geography, History	Famous sights and buildings from a bird's eye view	...
8	Astronomy	Geography	A collection of fascinating astronomical images	...
9	Avatars	General	Avatar editor	...

Educational tools and games

	Name	Subject	Description	Age
10	 Board games	General	Different types of popular games for multiple players	...
11	 Calculator	Mathematics	Basic and scientific, paper tape' calculator	...
12	 Calendar	General	A day calendar with important and interesting anniversaries	...
13	 Cards	General	Creating cards with text or pictures simply and quickly	...
14	 Charts	General	Application for producing charts for data lists	...
15	 Chess	Mathematics	Chess game. Opponent can be the computer or person	...
16	 Chess moves	Mathematics	Practice the possible moves of the figures	...
17	 Clock	Mathematics, Nature	Customizable analogue and digital clocks with exercises	...
18	 Code breaker	Language, Mathematics	Decode words and phrases using different signs and symbols	...
19	 Colours	Technology, Nature	Everything that is worth knowing about colours	...
20	 Connect 4	Mathematics	Game involving logic and strategy	...
21	 Continue!	Mathematics, Mother tongue	Game involving logic	...
22	 Coordinate system	Mathematics	Plotting points, lines, circles and functions	...

Educational tools and games

	Name	Subject	Description	Age
23	 Counting table	Mathematics	Practise addition and subtraction with interesting exercises	...
24	 Countries	Geography, History	Encyclopedia about the countries of the world	...
25	 D-Fense	Mathematics	Game involving logic and strategy	...
26	 Dice	General	More than 40 different dice layout for various subjects	...
27	 Discs	Mathematics, Mother tongue	Stopping the discs at the appropriate place	...
28	 Domino	Mathematics	Placing dominoes with the corresponding number of pips	...
29	 Electro kit	Phisycs	Physics laboratory tool to create circuits and measurements	...
30	 Elements	Chemistry	The periodic table with many useful filters and sorting features	...
31	 Evaluation table	General	A table with images to evaluate and record group work	...
32	 Extremes	Mathematics, Nature	Finding the smallest or the largest image	...
33	 Find your way home	Mathematics	Help the animals to find their way home and practise chess moves	...
34	 Follow the pattern	Mathematics	Continue the sequence by the pattern given	...
35	 Function tables	Mathematics, Phisycs	A collection of mathematical and physical functions, formulae and explanatory illustrations	...

Educational tools and games

	Name	Subject	Description	Age
36	 Globe	Geography, Nature	The Globe in various three-dimensional views	...
37	 Grid board	Mathematics	"Illustrating and drawing simple two-dimensional shapes"	...
38	 Hall of fame	General	Encyclopedia of all the famous historic people	...
39	 Hammer	Language, Mathematics	Finding the correct words and count	...
40	 Handwriting	Language	Turn text into upright or italic handwriting	...
41	 Heads or Tails	General	Heads or tails game with nine layouts	...
42	 Image domino	Language, Mathematics	Mathematical games played by the rules of domino	...
43	 Image table	Mathematics	Find cells and pictures in the table	...
44	 Instruments	Music	Typical sound and photos of musical instruments	...
45	 Kaleidoscope	Mathematics	Illustrating axis of symmetry in a playful manner with exercises	...
46	 Lan(g)ame	Language	Language learning game	...
47	 Letter cards	Language	Letters of the alphabet and their pronunciation	...
48	 Logical blocks	Mathematics	Logical blocks to help understand the concept of sets	...

Educational tools and games

	Name	Subject	Description	Age
49	 Magic square	Mathematics	Fill in the missing numbers	...
50	 Mastermind	Mathematics	Mastermind game with colours, numbers or words	...
51	 Maths grid	Mathematics	Basic mathematical operations, relations on a 3 by 3 grid	...
52	 Maths quiz	Mathematics	True/False mathematical questions from geometry through algebra to number theory	...
53	 Mechanics	Physics	"Lifelike physical environment to observe motions and forces"	...
54	 Memory	Mathematics	Practise using money with coins, notes and goods	...
55	 Metronome	Music	A metronome with adjustable speed and various rhythms	...
56	 Microscope	Biology, Chemistry	A collection of images about microscopic objects and organisms	...
57	 Mikado	General	Pick up sticks in the correct order	...
58	 Minerals	Chemistry, Geography	Data and properties of the best-known minerals with 3D display	...
59	 miniMap	Geography	Interactive topographic and administrative maps	...
60	 miniScore	Music	The fun way of creating scores to be played. Includes several built-in songs	...
61	 Molecules	Biology, Chemistry	Main properties, structural formulas and informative three-dimensional models of molecules	...

Educational tools and games

	Name	Subject	Description	Age
62	 Money	Mathematics	Practise using money with coins, notes and goods	...
63	 Movement on the chessboard	Mathematics	Move chess pieces to their final destination by using regular moves and avoiding obstacles	...
64	 Moves	Mathematics	Show to which field of the chess board the given route leads	...
65	 Multiplication table	Mathematics	Practise multiplication and division with exercises	...
66	 Music gallery	Music	Collection of classical music, with pictures and descriptions	...
67	 NASA images	Geography	A selection of fascinating images from the NASA archives	...
68	 Number Circle	Mathematics	Exercise of basic operations in the number circle	...
69	 Number hero	Mathematics	Practise maths operations in a playful manner	...
70	 Number line	Mathematics	Practise addition, subtraction with exercises	...
71	 Odd one out	General	Finding the odd one out	...
72	 Operations	Mathematics	Game for operations	...
73	 Optical kit	Phisycs	Examine refractions with optical lenses, mirrors and rays	...
74	 Order	Mathematics, Mother tongue	Put numbers or words in the right order	...

Educational tools and games

	Name	Subject	Description	Age
75	 Order of letters	Language	Set the learning order of letters and mark the currently learnt letter	...
76	 Orientation	Mathematics	Familiarise yourself with the chessboard and learn how to orientate on the squares	...
77	 Othello	Mathematics	Game involving logic and strategy	...
78	 Physics units	Chemistry, Physics, Mathematics, Geography	A tool for conversion between units of physical quantities	...
79	 Piano	Music	Piano keyboard to with recording feature	...
80	 Picture cards	General	Fifteen decks of cards for various subjects, customizable	...
81	 Picture grid	Mathematics, Mother tongue	Game involving observation and logic	...
82	 Probability	Mathematics	Continuous and discrete probability functions with parameters	...
83	 Puzzle	General	Puzzle game, can be played with any picture	...
84	 Question sheet	General	Simple question sheet with text and pictures; multiple choice questions	...
85	 Quiz	General	Quiz questions on 12 different topics	...
86	 Repeat it!	General	Memorize and repeat the correct order of the pictures shown	...
87	 Rhythm box	Music	Simple polyphonic rhythms, with „musical instruments“	...

Educational tools and games

	Name	Subject	Description	Age
88	 Roads, Directions	Mathematics, Nature	Match pictures of routes with their corresponding directions	...
89	 Roadworks	General	Repair the road so for the vehicles to complete their journeys	...
90	 Scale	Mathematics	"A scale to show inequalities and to introduce the equation"	...
91	 Sliding puzzle	Mathematics, Mother tongue	Order numbers or letters, complete pictures by sliding the tiles	...
92	 Solar System	Physics, Geography	Overview of the celestial bodies of our Solar System with three-dimensional display	...
93	 Soroban	Mathematics	Perform basic mathematical operations	...
94	 Spelling and Grammar	Language	Practise the correct spelling of words with the help of various grammatical examples	...
95	 Stopwatch	General	A stopwatch and countdown timer to time exercises. With several background music	...
96	 Tangram	Mathematics	An intriguing logic game includes lots of puzzles	...
97	 Test editor	General	Interactive test editor	...
98	 Tiles	Mathematics, Mother tongue	Multiple text and picture puzzles in one tool	...
99	 Time machine	General	Famous people in a dynamic timeline and connection view	...
100	 Top 5	General	Weekly five item from the library are available to vote for	...

Educational tools and games

	Name	Subject	Description	Age
101	 Towers	Mathematics	Application for teaching space vision	...
102	 Toy Clock	Mathematics	The first steps in time keeping. Getting to know the clock	...
103	 Video library	General	Access to the video library	...
104	 Weather	Geography	Weather forecast for the next five days	...
105	 Weekly practice	Mathematics, Physics	Practice exercises for every week of the academic year, grouped by grades	...
106	 Wildlife	Nature, Biology, Geography	Encyclopedia of the wildlife with photo gallery and tests	...
107	 Word cards	Language	A collection of word cards with example sentences and part-of-speech tags	...
108	 Word class	Language	Games which help to identify the class of words	...
109	 Word finder	Language	Find the hidden words in the letter table!	...
110	 Word problems	Mathematics, Physics, Chemistry	Solving word problems step by step	...
111	 Xylophone	Music	Tool for Composing own music on xylophone	...
